# The Monthly Employment Report

**Washington 4.2%**      **United States 3.6%**

Seasonally adjusted  
December 2022

Employment estimates in this report are generated by the U.S. Bureau of Labor Statistics (BLS). Monthly employment estimates are subject to revision in subsequent months when more sample data become available. BLS data in this report are rounded to the nearest 100.

On a seasonally adjusted basis, preliminary estimates from the federal Bureau of Labor Statistics (BLS) indicate nonfarm employment in Washington rose by 2,500 in December 2022.1 BLS estimates the private sector gained 1,600 jobs during the month and the public sector gained 900 jobs.

On a not seasonally adjusted basis, estimates for December 2021 through December 2022 indicate an increase in employment of 121,200 for the state. The private sector gained 110,000 jobs while the public sector gained an estimated 11,200 jobs over the year.

Washington's preliminary seasonally adjusted unemployment rate for December 2022 is 4.2 percent. The revised estimated November 2022 unemployment rate is at 4.0 percent. The December 2021 unemployment rate was 4.5 percent.

BLS estimates of monthly job gains and losses are based on a survey of businesses. Preliminary estimates are subject to revision. The November 2022 preliminary estimated gain of 13,100 jobs was revised to a gain of 12,000 jobs.

For more information, call Paul Turek at 360-706-3044

## Resident civilian labor force and unemployment, seasonally adjusted

The **resident civilian labor force** is the total number of people in the workforce, employed and unemployed, ages 16 and up.

The number of **unemployed** is the estimated number of people who currently do not have a job, are available for work and have actively looked for work in the last four weeks.

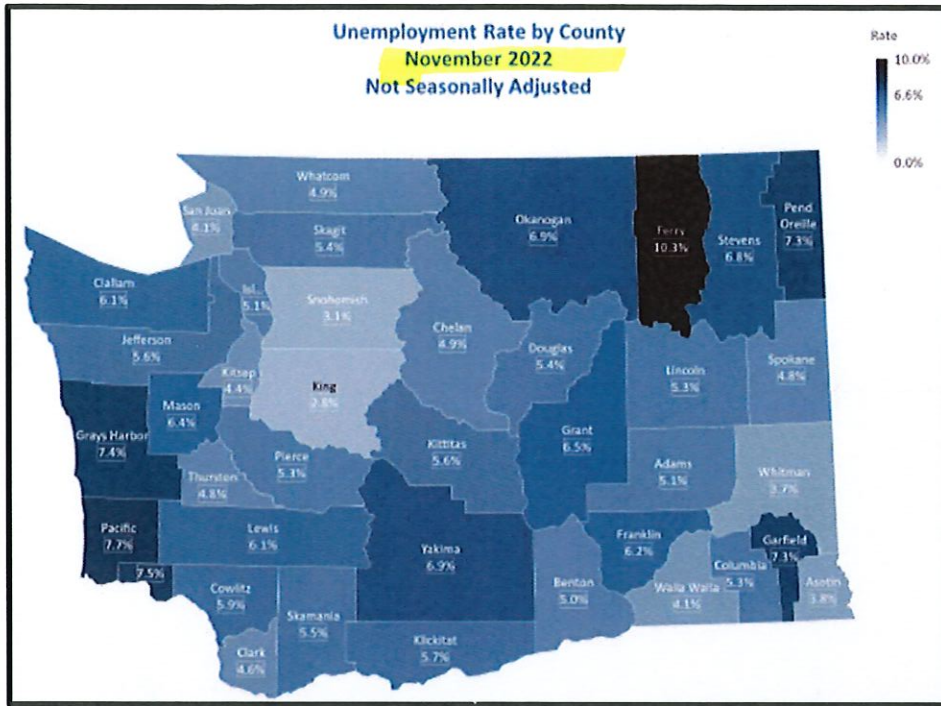

The **unemployment rate** is the ratio of the estimated number of unemployed divided by the civilian labor force.

Resident civilian labor force and unemployment, seasonally adjusted

Data Architecture, Transformation and Analytics Division  
December 2022

<sup>1</sup>Most of the employment numbers discussed in this report refers to jobs, not people. For example, if a person holds two positions, these positions are counted as two jobs in the employment series. In the section titled "Unemployment," these positions refer to individuals, not jobs. In this case, a person holding two jobs is counted only once.

Walla Walla County tied for 5<sup>th</sup> lowest unemployment out of 39 counties.
