

Wallula Gap Business Park Wallula, Washington

Wallula Gap Business Park located in the western portion of Walla Walla County is a ± 1,355 acre heavy & mixed industrial site ideal for heavy industrial business activity. The site is adjacent to U.S. Highway 12, Union Pacific Railroad mainline and intermodal facility, 12 miles from Interstate 395, and 14 miles from the Tri-Cities Metropolitan Service Area (Pasco, Kennewick, and Richland) with a 2018 total population over 280,000. The Port has also secured rail access to a private dual access rail line that is served by both the Union Pacific Railroad and Burlington Northern Santa Fe Railroad (highlighted in yellow on the map below) that runs adjacent to the site. The Wallula Gap Business Park has excellent truck and rail access, potable and fire suppression water, electrical, fiber, and natural gas services and is ideal for heavy manufacturing, large warehouse distribution, and data center operations. The property can be subdivided to meet the business sitting requirements. The Port has also completed a formal site due diligence program for the site which includes survey maps; utility information; archaeological, geotechnical, biological and environmental studies; workforce information; and tax information to expedite the development review process.
